# Hardscaping | Walls

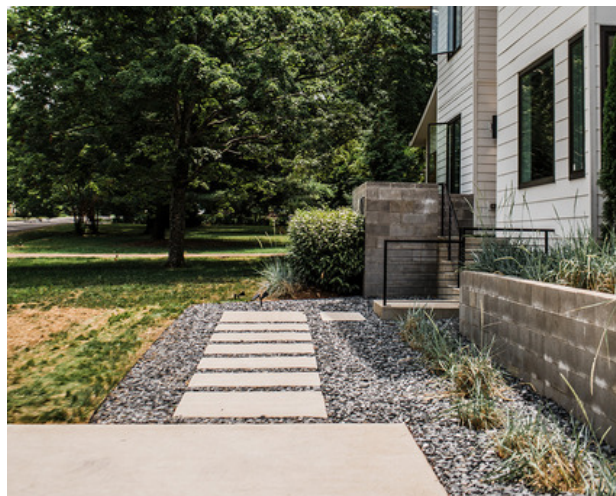

# Hardscaping | Walkways

**Where  
customer  
satisfaction  
matters as  
much as our  
love for  
plants & soil.**

**For 16 years, the Kerske family has operated Gardens of Babylon Landscapes with a focus on three core values — science-based methods, healthy plants, & happy clients.**

"When we opened  
**Gardens of Babylon,**  
we consulted with some  
of the greatest soil scientists  
we could find...

we always knew the success of  
**plants** first begins with the  
**health** of the soil."

**- Mark Kerske, Founder**

**4 Bachelors of Landscape Horticulture**

**2 Bachelors of Plant & Soil Science**
